

Template – Recording form: Nest box installation

Use the below template when you are installing a nest box. This recording form is only an example and you may find that you need to record additional information – so adjust accordingly. Make sure you digitise the data (e.g. add to an Excel spreadsheet) so you have a backup.

Site and Installation information			
Landowner name and Site name		Date of installation	
Recorder's name		Recorder's contact number	
Installer's name		Installer's contact number	
Site description/ Access notes			
Nest box information			
GPS location (latitude/ longitude)		Estimated height in tree	
Nest box type		Direction facing	
Nest box target species		Nest box image number	
Next box number		Other information (e.g. tree species, paddock tree)
