LEGEND

Flood Risk Precincts

High Flood Risk Precinct
Land below the 1% AEP flood that is either subject to a high hydraulic hazard or where there are significant evacuation difficulties

Medium Flood Risk Precinct
Land below the 1% AEP flood that is not subject to a high hydraulic hazard and where there are no significant evacuation difficulties

Fringe Low Flood Risk Precinct
Land between the 1% AEP flood extent and a level 0.5m in elevation above the 1% AEP flood

Low Flood Risk Precinct
Land with a low probability of flooding lying above a level 0.5m above the 1% AEP flood and below the probable maximum flood (PMF)
