WINGECARRIBEE SHIRE COUNCIL
Pricing Policy Principles
2018/19 FEES & CHARGES

Category 1 – Full Cost Recovery

- 1.1 Recovery of all direct and indirect costs associated with providing a service, including in some cases, making provision for future capital expenditure.

Category 2 - Partial Cost Recovery

- 2.1 Subsidised operations which are of benefit to the community as a whole, as well as individuals and in particular low income users.

Category 3 - Market Pricing

- 3.1 When Council provides a similar service "in competition" with other councils or agencies, e.g. sale yard fees, hall hire, etc., where people may go elsewhere if the fee is too high. This category also includes prescribed or recommended fees. Council will not use subsidies to aggressively price others out of the market or compete unfairly.

Category 4 - Rate of Return Pricing

- 4.1 Profit making or entrepreneurial activities. Aimed purely at revenue generation (including investments in financial institutions).

Category 5 - Incentive Pricing

- 5.1 Where Council sets a fee structure to encourage people to "do the right thing" e.g. a scaled tariff that rewards low water consumers, library fines, etc.

Category 6 - Sewerage Pricing

- 6.1 Is not based on property values.
6.2 Collects revenue to fund the sewerage system from people who actually benefit from availability or use of Council's sewerage system.
6.3 Eliminates cross subsidies within the community.
6.4 Ensures Council derives sufficient income to:
 i. Operate the sewerage system, irrespective of seasonal fluctuations.
 ii. Provides for future capital expenditure and debt servicing.
6.5 Can be administered simply and cheaply and can be easily understood by the public.

Category 7 - Water Charging

- 7.1 Is not based on property values.
7.2 Collects revenue to fund the water supply system from the people who actually benefit from availability or use of Council's water supply.
7.3 Ensures Council derives sufficient income to operate the water supply system, irrespective of seasonal fluctuations and provides for capital and debt servicing.
7.4 Eliminates cross subsidies within the community.
7.5 Encourages conservation of water by having a scaled tariff that rewards low consumers.
7.6 Provides for future capital expenditure and debt servicing.
7.7 Does not impede Council's commitment to greening the district.
7.8 Can be administered simply and cheaply and be easily understood by the public.

Category 8 - Section 64 & Section 94 Contributions Pricing

- 8.1 To ensure Section 94 contributions accurately reflect the costs incurred by Council in providing infrastructure (roads, drains, sewerage, etc.), open space and recreational facilities, needed to meet the additional needs of the community created by new development and in doing so, ensure the local amenity does not diminish.

Category 9 – Prescribed Fees

- 9.1 Regulation or Act sets a maximum fee that can be charged.

Category 10 – Services to be provided free of charge

- 10.1 No charge is levied by Council for services under this category.

			NOTE:							
			Community Non Profit groups are eligible for a 50% discount on private & corporate hire charges. This discount already applies to those specific community groups listed under Council's fees and charges as eligible for a 50% discount. Inclusion in this list does not however qualify a group for any further discount other than that stated for community non profit organisation.							
			If a community group hires the hall for a social event such as a dinner which is not part of its normal 'not for profit' activity then the hourly hire rate will apply.

	TRADE WASTE [Liquid]									
	40									
	40.1		"BUSINESS CONSUMER SERVICE AVAILABILITY CHARGE" refers to the minimum charge for each business premise connected to Council's sewerage system which charge depends on the relevant tariff class for that premise.							
	40.2		IF the complexity of the application or applicant generated changes or problems, causes Council higher costs than are covered by the standard fee THEN an invoice will be issued for those additional costs.							
	40.3		The special connection fee will be refunded if the application is NOT approved and application processing costs have been covered by the standard application fee.							
	40.4		This fee will apply and a sundry debtor account will be issued, each time Council carries out one of the following: (a) routine surveillance inspection; OR (b) inspection in response to specific problem; OR (c) sample collection.							
	40.5		This fee will apply and a sundry debtor account will be issued, each time Council carries out sampling of effluent for analysis. The fee is in addition to the inspection fee and will be calculated based on: (i) freight costs to send samples for analysis; AND (ii) laboratory charges for analysis of samples.							
	40.6		These parameters relate to effluent strength where the discharge volume exceeds a rate of 20 kilolitres per day and/or 7,300 kilolitres per year. The fees will apply as additional fees to those for: (a) Business Consumer Service Availability; and (b) Volume. Strength and volume limits prescribed elsewhere in this Policy SHALL NOT be exceeded.
