

# WINGECARRIBEE SHIRE COUNCIL

COMMUNITY AND

RECREATIONAL FACILITIES

STRATEGY – POST EXHIBITION

Presentation to Council 18 October – Post Exhibition

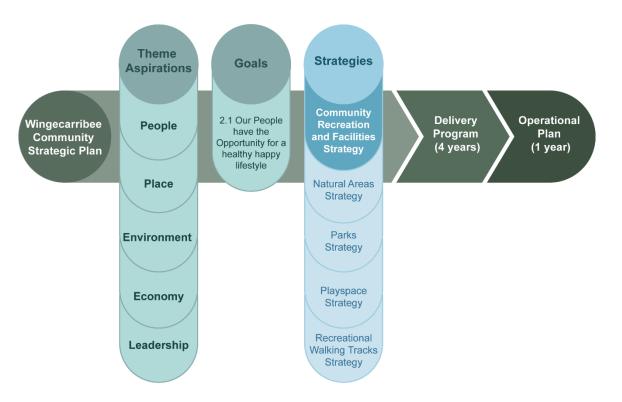

## Summary of key changes post exhibition

- 1. Scope of the Strategy and process to implement
- 2. Clarify the limits of the strategy
- 3. Clarity with regards to Strategic Priorities within the strategy
- 4. Spotlight key partners in the delivery of the strategy
- 5. Planning for Facilities
- 6. New next steps
- 7. The role, function and importance of smaller hubs
- 8. Inclusion of action for Lackey Park Masterplan (Precinct Action)

## Scope of the CRFS

- Scope of the Strategy highlighting Long Term Strategic nature to inform future detailed planning, analysis and engagement.
- New graphic identifying the relationship with other Strategies and Plans of Council.
- Clarification on the limitations of the Strategy

## How will the Actions be Implemented?

### New graphic highlighting:

- Three levels of actions and what they are.
- Steps to implement
- Opportunities for engagement for each action level
- Clarification on funding pathways and opportunities to fund.

#### **Priority Projects**

Priority projects are large generational infrastructure projects that play a significant role in supporting the community. The scale of priority projects requires further detailed analysis and engagement, above other actions in the strategy.

#### Shire Wide Actions

Shire wide actions apply across a number of precincts. Implementation of Shire wide actions may generate updates to other strategies or action plans or the creation of new strategies and plans. The implementation of shire wide actions will be prioritised through Councils delivery program and operational plans.

#### **Precinct Actions**

Precinct actions generally apply to only one precinct. Actions range from minor infrastructure upgrades and improvements to more comprehensive masterplanning for a specific site. The implementation of precinct actions will be prioritised through Councils delivery program and operational plans.

Scope and concept development informs the scale and composition of potential facilities

Site confirmation and planning due diligence

Detailed Business Case – detailed financial consideration

Formal Council consideration – funding confirmation if endorsed

Prioritise actions through integration to Delivery Program and Operational plan

New strategies will go through process of community engagement and key stakeholder input

Prioritise actions through integration to Delivery program and Operational plan

Implementation plans developed, scope of facilities confirmed

## **Strategic Priorities - Aquatics**

### **Strategic Direction:**

- Recommended new facility be built in Mittagong Precinct (year-round facility)
- Decommission current Mittagong Pool and include site in a wider Mittagong Oval master planning process
- Undertake detailed Cost Benefit Analysis, including review of operational models for Bundanoon and Bowral Swimming Centre

## Multipurpose Indoor Facility

### **Strategic Direction:**

- Provide a multi-purpose indoor facility in the Mittagong Precinct to ensure access within the 15min driving catchment for residents towards the north of the Shire.
- Investigation be undertaken to identify a site that supports an integrated multi-purpose hub delivery model, which will maximise efficiencies, and provide improved community outcomes.

## Spotlight key partners in the delivery of the strategy

#### SPOTLIGHT ON The Southern Highland Botanic Gardens

The Southern Highland Botanic Gardens (SHBG) is a 14hectare site located at 1 Old South Road, Bowral. The Gardens have become a key community hub within Bowral and the wider Southern Highlands, providing opportunities for passive recreation, community gatherings and events. The SHBG also play a key role in the Southern Highlands visitor economy with 44,000 visitors recorded within the last 12month period.

Operated by the Southern Highland Botanic Gardens Ltd, a volunteer led not-for-profit organisation, the SHBG was established with an aim to educate the general public about horticulture and landscaping, plants and biological communities, and raise community

#### **Our Partners**

### SPOTLIGHT ON OUR PARTNERSHIPS Robertson Community Technology Centre (CTC)

Strong partnerships are one of the foundational principles of the CRFS. With a large number of towns and villages across the Shire, it's important that Council work closely with private and not-for-profit facilities and operators to provide support for the community.

The CTC is a not-for-profit community organisation that builds strong connections across the community. Operated by the CTC Robertson Management committee, the facility is an

## **Planning for Facilities**

Further clarity provided on the range of factors that need to be considered in the provision of facilities:

- Population demand
- Sport, recreation and cultural participation
- Access and travel distances
- Need for local, district and regional facilities
- Demographics & potential changes.

## Next Steps – Implementing the Strategy

### Inserted new section:

- Clarity on the timeframe for the delivery of the Strategic Directions – Priority Projects
- Confirmation that Shire Wide and Precinct Actions will be considered and implemented through Councils Delivery Programs and Operational Plans

## Other key changes

Strengthen clarity re - need for facilities in villages and small communities that support the community across a range of uses are flexible and adaptable

### **Include Precinct Action – Moss Vale Precinct**

"Review the current Lackey Park Masterplan to ensure consistency with planning principles, and opportunities to maximise usage through multi-purpose facilities"
