Subject: RE: Climate Change Strategy

Dear Derek

Thank you for your email.

This is one of many important projects the Environment and Sustainability Team have been working on over the past 2 plus years. It is great to be at the point of now seeking endorsement for broad community consultation.

I note your feedback about recognition of the contribution towards this project and have included the Manager in this email so that we recognise the contribution of key stakeholders, such as Win Zero, in the final document.

Kind regards

Lisa

We acknowledge the Gundungurra and Tharawal people as the traditional custodians of this place we now call the Wingecarribee Shire. We recognise the continuous and deep connection for Gundungurra and Tharawal people to their Ngurra (Country) and its great cultural significance to First Nations people, both locally and in the region. We pay respect to Elders past and present, and extend that respect to all First Nations people.

Subject: Climate Change Strategy

Viv and Lisa

I am very pleased that this Strategy is finally about to hit the deck after nearly 3.5 years of development since the Climate Emergency declaration. However, I would like to express my disappointment that no recognition at all is given to the significant input that the members of WinZero have had to its gestation over that period. We were there at the beginning of the process, and I am looking forward to being there at the end when we develop a truly forward-looking and comprehensive Climate Action Plan via the Climate Change & Environment Community Reference Panel working with Council staff and Ironbark Sustainability.

Kind regards

Derek White
