

Have you been affected by recent storms and floods?

The NSW Government can help you with information and support:

Clean-up

Be on the lookout for hazards when cleaning-up

Mental health support

Resources and mental health support are available

Tenants and landlords

Know your rights and responsibilities as a landlord or tenant

Dealing with mould

Addressing mould following a storm or flood is essential for your health

Dealing with asbestos

Navigating the presence of asbestos following a storm or flood

Contaminated water

Understanding the dangers of contaminated water after a storm or flood

Mosquito borne diseases

There is an increased risk of mosquito-borne diseases after a storm or flood

Preparing applications

Take photos of any damage to your property to support potential financial applications
