

# Wingecarribee SHIRE COUNCIL

## Fees and Charges 2023/24

*We're with you*

Adopted 28 June 2023

The Wingecaribee Shire acknowledges the Gundungurra and Tharawal people as the traditional custodians of this land we now call the Wingecaribee Shire. We pay our respect to Elders both past, present and emerging.

## 2023/24 Fees & Charges

### Pricing Policy Principles

#### Category 1 – Full Cost Recovery

- 1.1 Recovery of all direct and indirect costs associated with providing a service, including in some cases, making provision for future capital expenditure.

#### Category 2 - Partial Cost Recovery

- 2.1 Subsidised operations which are of benefit to the community as a whole, as well as individuals and in particular low income users.

#### Category 3 - Market Pricing

- 3.1 When Council provides a similar service "in competition" with other councils or agencies, e.g. sale yard fees, hall hire, etc., where people may go elsewhere if the fee is too high. This category also includes prescribed or recommended fees. Council will not use subsidies to aggressively price others out of the market or compete unfairly.

#### Category 4 - Rate of Return Pricing

- 4.1 Used for commercial activities.

#### Category 5 - Incentive Pricing

- 5.1 Where Council sets a fee structure to encourage people to "do the right thing" e.g. a scaled tariff that rewards low water consumers, library fines, etc.

#### Category 6 - Sewerage Pricing

- 6.1 Is not based on property values.
- 6.2 Collects revenue to fund the sewerage system from people who actually benefit from availability or use of Council's sewerage system.
- 6.3 Eliminates cross subsidies within the community.
- 6.4 Ensures Council derives sufficient income to:
  - i. Operate the sewerage system, irrespective of seasonal fluctuations.
  - ii. Provides for future capital expenditure and debt servicing.
- 6.5 Can be administered simply and cheaply and can be easily understood by the public.

#### Category 7 - Water Charging

- 7.1 Is not based on property values.
- 7.2 Collects revenue to fund the water supply system from the people who actually benefit from availability or use of Council's water supply.
- 7.3 Ensures Council derives sufficient income to operate the water supply system, irrespective of seasonal fluctuations and provides for capital and debt servicing.
- 7.4 Eliminates cross subsidies within the community.
- 7.5 Encourages conservation of water by having a scaled tariff that rewards low consumers.
- 7.6 Provides for future capital expenditure and debt servicing.
- 7.8 Can be administered simply and cheaply and be easily understood by the public.

#### Category 8 - Section 64 & Section 7.11 Contributions Pricing

- 8.1 To ensure Section 7.11 contributions accurately reflect the costs incurred by Council in providing infrastructure (roads, drains, sewerage, etc.), open space and recreational facilities, needed to meet the additional needs of the community created by new development and in doing so, ensure the local amenity does not diminish.

#### Category 9 – Prescribed Fees

- 9.1 Regulation or Act sets a maximum fee that can be charged.  
Note: When the relevant Authority publishes new or modified Prescribed Fees and Charges, Council officers will make the necessary administrative changes to reflect these updates in Council's 2023/24 Fees and Charges. Any prescribed fees and charges currently not included in Council's Fees & Charges will be incorporated as an administrative change.

#### Category 10 – Services to be provided free of charge

- 10.1 No charge is levied by Council for services under this category.

## Wingecarribee Shire Council 2023/24 Fees & Charges

Details	Unit	GST	2023/2024 *	Pricing Category #
<b>Annual permits for non-desexed cats and dangerous/restricted dogs.</b> These fees are regulated by The Companion Animals Act 2018. An Eligible pensioner includes a person in receipt of the aged pension, war widow pension or a disability pension.				
Cat not desexed by 4 months of age	per item	No	\$ 92.00	9
Dangerous dog	per item	No	\$ 221.00	9
Restricted dog	per item	No	\$ 221.00	9
Late fee on annual permit	per item	No	\$ 21.00	9
Note: The annual permits are required to be paid in addition to their one-off lifetime pet registration fee. This applies to dogs that are already registered.				
Exemptions to Annual permits for non-desexed cats and dangerous/restricted dogs:				
1. The Regulation provides for an exemption to the requirement to pay the annual permit fee for a cat if a vet has specified in writing, before the cat reaches 4 months of age, that the cat could not be desexed: - until it reaches an age specified (a temporary exemption), or - that desexing the cat at any time of its life would constitute a serious health risk to the cat (a permanent exemption).				
2. Members of recognised breeder organisations are currently exempt from paying higher registration fees for a cat or dog that has not been desexed by the relevant desexing age, if the animal is kept for breeding purposes.				

### Animal Shelter Fees

<b>Impounding</b>				
Microchipping of impounded animal	per item	Yes	\$ 50.00	2
Microchipping of impounded animal - owned by a pensioner	per item	Yes	\$ 28.00	2

Testing of Pipelines And Associated Costs		No	At Cost	1

## 22 TRADE WASTE SERVICES

### Trade Waste (Liquid) Terms & Conditions

The following information should be read in conjunction with the Liquid Trade Waste fees and charges below. These fees are set under the NSW Liquid Trade Waste Management Guidelines 2021.

"Business Consumer Service Availability Charge" refers to the minimum charge for each business premise connected to Council's sewerage system which charge depends on the relevant tariff class for that premise.

If the complexity of the application or applicant generated changes or problems, and this causes Council higher costs than are covered by the standard fee, then an invoice will be issued for those additional costs.

The special connection fee will be refunded if the application is not approved and application processing costs have been covered by the standard application fee.

This fee will apply and a sundry debtor account will be issued, each time Council carries out one of the following:

- (a) routine surveillance inspection; or
- (b) inspection in response to specific problem; or
- (c) sample collection.

This fee will apply and a sundry debtor account will be issued, each time Council carries out sampling of effluent for analysis. The fee is in addition to the inspection fee and will be calculated based on:

- (a) freight costs to send samples for analysis; and
- (b) laboratory charges for analysis of samples.

These parameters relate to effluent strength where the discharge volume exceeds a rate of 20 kilolitres per day and/or 7,300 kilolitres per year. The fees will apply as additional fees to those for:

- (a) Business Consumer Service Availability; and
- (b) Volume.

Strength and volume limits prescribed elsewhere in this Policy shall not be exceeded.
