### Pricing Policy Principles

01	Full Cost Recovery	Recovery of all direct and indirect costs associated with providing a service, including in some cases, making provision for future capital expenditure.
02	Partial Cost Recovery	Subsidised operations which are of benefit to the community as a whole, as well as individuals and in particular low income users.
03	Market Pricing	When Council provides a similar service "in competition" with other Councils or agencies, e.g. sale yard fees, hall hire, etc., where people may go elsewhere if the fee is too high. This category also includes prescribed or recommended fees. Council will not use subsidies to aggressively price others out of the market or compete unfairly.
04	Rate of Return Pricing	Used for commercial activities.
05	Incentive Pricing	Where Council sets a fee structure to encourage people to "do the right thing" e.g. a scaled tariff that rewards low water consumers, library fines, etc.
06	Sewerage Pricing	6.1 Is not based on property values.6.2 Collects revenue to fund the sewerage system from people who actually benefit from availability or use of Council's sewerage system.6.3 Eliminates cross subsidies within the community.6.4 Ensures Council derives sufficient income to: i. Operate the sewerage system, irrespective of seasonal fluctuations. ii. Provides for future capital expenditure and debt servicing.6.5 Can be administered simply and cheaply and can be easily understood by the public.
07	Water Charging	7.1 Is not based on property values.7.2 Collects revenue to fund the water supply system from the people who actually benefit from availability or use of Council's water supply.7.3 Ensures Council derives sufficient income to operate the water supply system, irrespective of seasonal fluctuations and provides for capital and debt servicing.7.4 Eliminates cross subsidies within the community.7.5 Encourages conservation of water by having a scaled tariff that rewards low consumers.7.6 Provides for future capital expenditure and debt servicing.7.7 Can be administered simply and cheaply and be easily understood by the public.
08	Section 64 & Section 7.11 Contributions Pricing	To ensure Section 7.11 contributions accurately reflect the costs incurred by Council in providing infrastructure (roads, drains, sewerage, etc.), open space and recreational facilities, needed to meet the additional needs of the community created by new development and in doing so, ensure the local amenity does not diminish.
09	Prescribed Fees	Regulation or Act sets a maximum fee that can be charged.
10	Services to be provided free of charge	No charge is levied by Council for services under this category.

### Annual permits for non-desexed cats and dangerous/restricted dogs

These fees are regulated by The Companion Animals Act 2018.

An Eligible pensioner includes a person in receipt of the aged pension, war widow pension or a disability pension.

Note: The annual permits are required to be paid in addition to their one-off lifetime pet registration fee. This applies to dogs that are already registered.

Exemptions to Annual permits for non-desexed cats and dangerous/restricted dogs:

1. The Regulation provides for an exemption to the requirement to pay the annual permit fee for a cat if a vet has specified in writing, before the cat reaches 4 months of age, that the cat could not be desexed:
  - until it reaches an age specified (a temporary exemption), or
  - that desexing the cat at any time of its life would constitute a serious health risk to the cat (a permanent exemption).
2. Members of recognised breeder organisations are currently exempt from paying higher registration fees for a cat or dog that has not been desexed by the relevant desexing age, if the animal is kept for breeding purposes.

# VENUES

## Bowral Memorial Hall

Fee waivers or discounts for the use of Council facilities are no longer applied through the Fees and Charges schedule. All requests for financial assistance, including fee exemptions or reductions, must be made through Council's Community Assistance Scheme in accordance with the adopted policy and framework.

### How Fees and Quotes Are Prepared

Hire fees are determined based on the type of user, the purpose of hire, the duration of access (from initial entry to final exit), and the level of equipment, technical support, or services required. Quotes are prepared in consultation with the hirer and will include any additional costs associated with equipment, staffing, specialist services, or cleaning.

### Pricing Categories

Fees are structured into the following categories:

Community and Not-for-Profit Hire: Discounted rates to support organisations delivering public benefit

Private Hire – Functions: Rates for private social events such as weddings or celebrations

Commercial Hire: Rates for commercial events, performances, or activities with a business or promotional purpose

Where appropriate, pricing is expressed as a range to reflect the varied configurations of use (e.g. simple meetings vs. full AV-supported events).

### Minimum Hire Periods

All full facility bookings require a minimum hire of four (4) hours. Additional time is charged at a flat hourly rate, with all hire durations including bump-in and bump-out time.

### Specialist Services

Where Council must engage third-party providers (e.g. AV technicians) these will be charged to the hirer at full cost plus a 15% administration fee. These services will be quoted in advance as part of the booking process and itemised in the hire agreement. Council will manage procurement and coordination on behalf of the hirer.

Where hirers wish to engage their own contractors, this must be done at their own cost and with the prior approval of Council. All third-party providers must comply with Council's venue conditions, including induction, insurances, and safe work requirements. Council reserves the right to reject or supervise the engagement of any external contractor to ensure the protection of Council assets and patrons.

### Quotes and Agreements

All bookings will receive a formal quote outlining estimated fees. Final fees will be confirmed in the signed hire agreement. This ensures consistency, transparency, and a fair application of Council's venue hire arrangements.

## Venue Hire - Community & Non For Profit Performance Groups Hire period is from initial entry to final exit

Hire period is measured from initial entry to final exit, including setup and pack-down. Community and not-for-profit hire rates are provided to support eligible groups delivering public benefit activities. Groups must provide evidence of organisational status to access this category.

Community hire rates reflect a range of possible uses and final pricing is based on the scope of use, level of support required, and the inclusion of any Council-provided equipment or technical assistance. Council may provide indicative hire estimates in advance; final confirmation is made through a standardised quotation process.
