

Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

Moss Vale

report date 18/03/2020

Yarding 1340
Change 370

comparison date 11/03/2020

There was a significant increase in numbers, for a total yarding of 1,340 mixed quality cattle. There were a few good lines of grain assisted yearlings to suit the trade, a few runs of yearling heifers attracting keen interest from restockers, along with a fair percentage of plainer type cattle. There was not as many buyers competing as last week, including the absence of a Southern Feeder buyer, selling to a slightly cheaper trend compared to last week's very strong market.

Prime vealers reached 445c/kg. Yearling steers to the trade eased 7c, making from 371c to 420c/kg. C3 Yearling heifers over 330kg to processors were firm to slightly dearer to average 399c/kg. Feeder cattle were significantly cheaper, quality related, with the ideal yearling steers averaging 394c and the heifer portion averaged 388c/kg. Yearling heifers to restockers reached 388c/kg. Weaners returning to the paddock lacked the quality of the previous week, selling from 375c to 447c and light weight weaner heifers averaged 385c/kg.

Grown steers and heifers were up to 8c dearer, with the steers selling from 280c to 350c and the heifers topped at 312c/kg. The quality and quantity of cows eased, with D2 cows making from 255c to 281c and the 3 and 4 score cows averaged 281c/kg. The best heavy weight bull reached 391c/kg.
